

Windro 500kW Generator

A breakthrough in Axial Flux Technology. The reduced size and weight, coupled with extremely impressive efficiency and output, make our 500kW generator an outstanding choice in power generating applications.

Windro -500kW

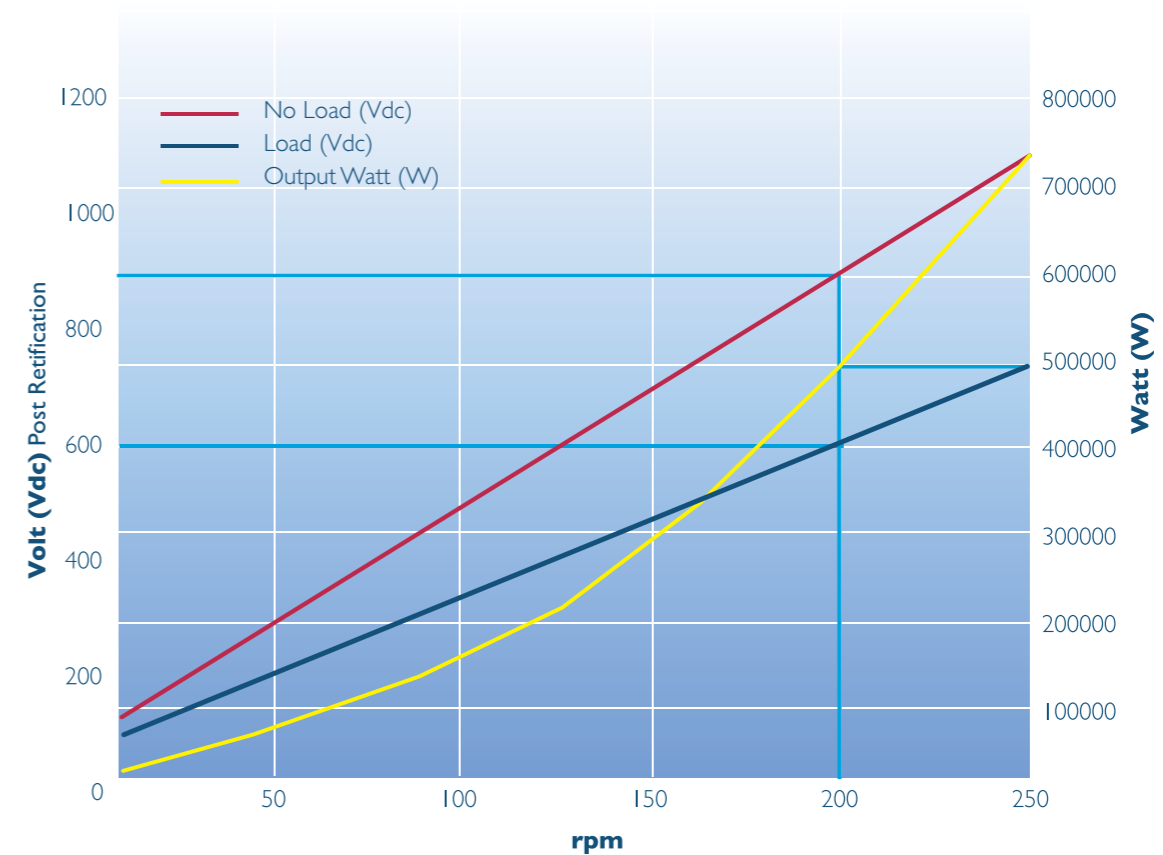

KEY ADVANTAGES

- AFPM technology
- Modular design
- Enhanced efficiency of greater than 90%
- Coreless technology allowing for low cut-in speed
- Elimination of cogging issues
- Lower starting torque using variable stator control output

No	Parameter	Metric	Imperial
1	Rated Power	500kW	500kW
2	Rated rpm	200rpm	200rpm
3	Operation Temperature	-20 to 60 °C	-5 to 140 °F
4	Diameter	0.8m	32.6 Inches
5	Height	1.5m	61.8 Inches
6	Weight	2,999kg	6,613 lb

Custom RPM configurations and extended temperature units available
